President

Hello everyone. I will try and keep this news letter a little shorter, if that is possible. Anyway, to start with, for those of you that have e-mail, you know by now that the final legislative procedures have been completed and sent to the legislature. I realize that there is a lot of reading there, so I think that we can go one better. At the next meeting, we are going to have the person that was instrumental in the writing and publishing of this legislation. So I would suggest that you come to the next meeting, and he will be able to explain all the major changes, of which there are plenty, that concerns us and where we can and cannot ride this year. So, if at all possible come to the next meeting on the 20th of January.

THIS YEARS PROJECT

This years Christmas party was really a great one. I was happy to see how many folks came considering the weather and how cold it was. For those that were there, know that we had a great raffle too. So here are the results of the proceeds from it. In the end, we had collected \$783.00 and about 135 pounds of food for the Food Bank. Bert and I delivered it to them on the 22nd. They were really glad to see what we had to give to them. It feels good to know that our club can do some good things like this for other people. From me personally, I want to thank all those that donated to this cause.

In addition, and as usual, Scotty did a great job on the two slide shows. If anyone would like copies of them, you should contact him at 509.981.2655.

HELP WANTED

As most of you already know, Steve Harper has really been working hard to get a grant written. This grant is going to be for mileage marker signage on four trails and a loading/offloading ramp at three of the trail heads. We feel that this is something that is needed, for our own sake, the sake of search and rescue teams and the law enforcement personnel. In order to have the grant approved we need to have some, not a lot of folks, volunteer to help put up some of the road mileage marker signs and construct the ramps when the time comes. This most likely won't happen until late next year. None the less, we still have to have some people that would be willing to say that they would do it now, so Steve can submit the waiver attesting to the fact that we do have people ready to do the job when the time comes. So, if you think that you would be interested in giving us a hand please call Steve at 208.687.2403 or send him an e-mail to jstevenharper@yahoo.com. Without this extra help, we will not be getting any grant approval. Please help us out on this ok?

ROOF CLEANING

For those of us that don't live in a non snow area, we will be having a lot of snow on the roofs of our houses. There are a couple of guys here that told me that they would clean the snow off the roof of your house if you need help with it. They said that their prices are reasonable. If you are interested, give them a call at 208.683.2405 it don't hurt to ask, but, trust me, it sure does if you don't.

TRAINERS

If you would be interested in becoming a certified ATV instructor taught by IDPR, please let me know. Call me at 208.683.0526 for information.
