EFFECTIVE JULY 1, 2011

NEW MANDATORY OFF-HIGHWAY VEHICLE (OHV) EDUCATION LAW IN EFFECT FOR IDAHO.

IDAHO (May 12, 2011) during the 2011 legislative session, the Idaho Recreation Council worked with legislators to pass SB1001. The passing of this bill brought a couple of key changes to Off-Highway Vehicle (OHV) education requirements in Idaho.

How does this impact you?

All unlicensed riders who wish to operate an OHV on National Forest roads are required to take an OHV safety course.

All riders age 15 and under who wish to operate an OHV on roads must be supervised. The definition of supervision was clarified to mean that if you are riding on any road with your child you must be in a position to provide close support, assistance or direction. If you are not riding with your child you must be within 300 ft when supervising their operation on any road. You must be in a position to provide close support, assistance or direction.

Special Ride this Fall for Jeff Knowles

When planning your next vacation, load up your 4-wheelers and UTV's and come join us for a great riding experience. You will access trails right from your camp site and down the city streets. Utah is the friendliest ATV State in the country! We want you to join in and ride with us. I thought North Idaho had some of the greatest trails until we discovered Utah. If you like the trails around Wallace, then multiple it by 100. Like to fish? Pack your fishing gear and get ready to fish off of the trails.

There are many small towns along the way to gas up and get some great food.

When making your reservations, tell them you heard about it from Jeff and Jeanne and I will make sure you get a great deal on your stay. Let me

know when you are heading our way and I will plan a great outing to make sure you see some spectacular sights.

Lizzie and Charlie's RV/ATV Park is located in the heart of Paiute Trail in Marysville, found in South Central Utah. The Paiute Trail is a 238 mile loop over 3 mountain ranges offering over 800 miles of intersecting trails, travel through many small towns, offering food, accommodations, gas and enjoyment for those who want to experience a great trail riding vacation.

Lizzie and Charlie's RV/ATV Park is located approximately 890 from you in North Idaho, a

quick 15 hour trip down Interstate 15. We have over 100 RV spaces, 10 cabins and 2 or 3 bedroom cottages available along with many tent sites. So, next summer, get the gang together and make the trip down here, you will not be disappointed. As Earl always said "Let's Ride".

BACK COUNTRY ATV CLUB NIGHT RIDE/ CAMPOUT @ THE HUDLOW WARMING HUT

By Dave Satterwaite

I know you have all heard this before... but if you missed this outing... you missed a good time!

Our group camped at the Hudlow Warming Hut. We had a nice spot which was shady most of the day when the sun was beating down and “cooking” everything! It kept the trailers and motor homes cool. The purpose of this campout was not just to camp, but to socialize and get to know people in an informal setting. Each year that I have gone, I have had the pleasure of meeting people that I see only at our monthly meetings or on our rides.

This was the 1st year that I can remember our club doing “Boon Docking” camping. Boon Docking or dry camping as others know it is camping without the convenience of hook-ups. This is a fun way of camping because you can get away from most other campers who are also out in the woods. This is the way I usually camp as it offers solitude, puts you right in the middle of trails with little travel time in the morning. Unless I am traveling to another State I camp this way. If you choose to participate next year...I can promise you that you too will have a great time. I hope we do more of this next year. I spent Thursday – Sunday up there. Some campers came up later and some stayed longer.

Speaking of the trails, we did some super fun rides during the day and a couple of us rode to the Happy Hermit for breakfast one morning. Although all of the trails were fun, my favorite was the 802 trail that ken took us on. It was exciting and a beautiful trail to experience. I urge you to try this trail if you get the chance. I don't remember ever being on this trail before but I plan on revisiting it. I am bad at remembering trail numbers but the memories of this ride will last me all winter. We went up... we went down...we went all around. No Accidents either!! That is always nice.

The night ride was also fun. Those of us who camped (and were not preparing the BBQ's) left our camp site and met the evening's riders at the Bunco Parking Lot. We took a nice round about ride back to camp where salads, chips, salsas, hot dogs, drinks and desserts awaited us. These in addition to the food brought by the night riders provided us with a delicious meal that should have filled all of us up!

After the meal and pleasant conversation, we headed out for the night ride. We wandered through the mountains for about an 90 minutes – 2 hours taking pleasure in the sights, smells and thrill of riding through the woods with only our headlights. We arrived at the Bunco Parking Lot at around 10pm, help assist the riders load. Our ride back to camp was fast and dirty. Of course we were safe but I know I hit the skids a couple of times making a corner. It was great but we sure were tired. I don't think there were 5 words said before we all crawled into our RV's and hit the sack.

I want to encourage as many club members as I can to attend the next campout. It is open to all if us and we had members aged from under 1year old to into their 70's participating. The campout is more than just a ride in the mountains... it is a time for club members to get to know one another and have fun. An RV is not needed either. One couple brought a tent and sleeping bags and spent the night!

I want to thank those of you who attended and helped make the trip a memorable one for me and all others.

Pictures of the Hudlow Warming Hut night ride are attached at the end of the newsletter. Thank you Robbie Gleason for your contribution of photos!!
